In response to President-elect Obama's request for Republican input, Congressman Campbell was selected to be a leader on a working group... Congressman John Campbell (CA-48) today announced that he will help lead a hearing on Thursday intended to develop innovative solutions to help revitalize America's economy. In response to President-elect Obama's request for Republican input, Congressman Campbell was selected to be a leader on a working group, led by Republican Whip Eric Cantor (R-VA), to develop constructive ideas to help revitalize the nation's economy.

The Republican working group announced the hearing, designed to be a forum for top national experts and leaders to offer solutions to help America's economy, on Friday afternoon. Families across America are facing unprecedented challenges, and Congressman Campbell is committed to an open and transparent exchange of ideas to find the best approach to put America back on a path to prosperity.
